

John Doe

AI Researcher NLP | Machine Learning | Python | BERT | Transformers

Summary:

Experienced NLP Engineer with 5+ years in natural language processing and machine learning. Led multiple projects using BERT, RoBERTa, and GPT-based models. Published in EMNLP and ACL.

Skills:

- Python, PyTorch, TensorFlow
- HuggingFace Transformers, BERT
- Text Classification, Information Extraction
- RESTful APIs, Docker

Experience:

- AI Engineer @ XYZ Tech (2020-2024)
- NLP Researcher @ NLP Lab, University X

Education:

MSc in Computer Science Focus: NLP
